

COVID-19 Status Report *

Updated on 6/28/2022

| | Active/Positive Case of COVID-19 | Recovered Case of COVID-19 | Deaths who also had COVID-19 |
|-----------------|----------------------------------|----------------------------|------------------------------|
| Resident | 0 | 45 | 5 |
| Employee | 2 | 113 | 0 |
| Total | 2 | 158 | 5 |

**Data reported is cumulative from May 2020.*

As of 4/28/2021, routine COVID-19 testing is no longer required for fully vaccinated individuals. Unvaccinated individuals will continue to be tested with a frequency as determined by the county positivity rate. If the facility experiences an outbreak (one or more new cases) then testing of all employees and residents as determined by the ability to conduct contact tracing is required regardless of vaccination status.
