A Message from the President

I began working here 25 years ago and am continuously grateful for the opportunities I have been granted while serving Saint Mary's mission. Since day one, I have found the work we do caring for our residents to be truly meaningful and fulfilling. As President/CEO, that has only deepened.

During my career, I have witnessed many changes. I started at a time when Asbury Ridge was just being built and introduced to the Erie community. Now the time has come for another change. I suspect the news of the potential sale of Saint Mary's is difficult to process for many of you. This decision about our future was made with every consideration for the impact it would have on our residents, families, employees and community.

Saint Mary's future might look different than it does today – this would be true regardless of any potential sale. It may serve us well to remember that today we look different than we did 140 years ago. Change is embedded in our ministry and our industry. To continue, we must change again.

When we look to the future with a spirit open to change, we can be open to hope. As we highlight some moments from last year and share our donor and giving report with you, hope is what you'll find.

Hope in our employees who deliver a loving to care attitude to our residents every day, despite the often-difficult environment of long-term care.

Hope in our community and family members who trust Saint Mary's and grace us with the privilege of caring for their loved ones when they cannot.

Hope in the kindness of our donors and supporters whose generosity demonstrates they believe in Saint Mary's and the difference we make.

Who we are and the work we do is not simply rooted in name, but in people. I am hopeful for a future where we can join with a provider who has the resources to continue to invest in our people and our work. People are the heart of everything we do. That is one thing time will never change.

Gratefully,

Robert Orton
President/CEO

Sisters of St. Joseph, Saint Mary's Home of Erie Evaluate Potential Sale to LECOM Health

This following statement was released in December 2024 and can also be found online at www.stmaryshome.org/news-and-resources/news.

This process is ongoing and includes satisfying numerous requirements to ensure the best possible outcome for all parties and the community before any final sale.

Saint Mary's will continue to provide details as information is available.

Leaders from the Sisters of St. Joseph of Northwestern Pennsylvania, Saint Mary's Home of Erie, and LECOM Health Institute for Successful Living announced in December 2024 they were engaged in a due diligence process to evaluate the potential sale of Saint Mary's at Asbury Ridge and the Sisters' Community Living Center (CLC) to LECOM Health, a prominent senior living and healthcare provider in northwest Pennsylvania.

"Our priority continues to be seeking a buyer that can provide stability for our employees and a high level of care for our residents," said Robert Orton, President/CEO of Saint Mary's Home of Erie. "Exploring a potential sale with LECOM, a provider who understands Erie and senior care in our area, is a way to do that."

This potential acquisition reflects LECOM's mission to expand and enhance its network of senior care services in the region. LECOM Health currently operates ten senior living communities in the region, encompassing independent living, personal care, assisted living apartments, and skilled nursing care as part of a full continuum of services for older adults.

"We're enthusiastic about the opportunity to explore the acquisition of Saint Mary's Home of Erie and the Sisters' CLC property. Both of these entities would be important in our commitment to delivering exceptional care for seniors in Erie and neighboring communities," said Dr. James Lin, President of the LECOM Institute for Successful Living. "We recognize the Sisters of St. Joseph and Saint Mary's long history in the Erie community. Saint Mary's is one of the earliest facilities in the country for seniors and is highly regarded for its dedication to residents and their families. We respect the long-established relationship with the Erie community and the legacy of both the Sisters and Saint Mary's."

The Sisters previously announced they were seeking a buyer for its CLC property that would continue its operation as a residence for the Sisters and that Saint Mary's was seeking a buyer that would continue to operate the Continuing Care Retirement Community (CCRC). This potential sale would meet both objectives. The due diligence or "information gathering" process will occur over several months and includes acquiring several regulatory and canonical approvals and meeting other conditions required by the Agreement of Sale.

"It makes sense that LECOM is interested in purchasing and operating these properties," said Mary Drexler, SSJ, president of the Sisters of St. Joseph. "LECOM is a well-known, local, non-profit organization that has demonstrated a commitment to the Erie community."

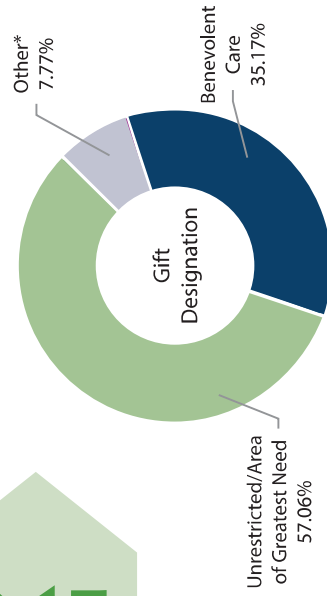

The era of independent, stand-alone senior living facilities has passed. To be effective and sustainable, most facilities nationwide have had to join forces with other providers. Saint Mary's Board of Trustees recognized the need for Saint Mary's to do the same to ensure its long-term viability.

5 STAR
rating!

from the Centers for Medicare and Medicaid Services (CMS)

2024, Saint Mary's at Asbury Ridge achieved a five-star overall rating from the Centers for Medicare and Medicaid Services (CMS). Saint Mary's takes immense pride in providing excellent care for our residents and families. This achievement shows a significant accomplishment and is a direct result of the hard work and dedication of our staff.

Mission Day

Our mission is one of "loving to care" and that includes caring for our neighbors in need!

On St. Joseph's Day, we celebrated the ways our employees bring our mission to life while collecting items to benefit the Sisters of St. Joseph Neighborhood Network.
